3	TY80-76		QUAD STAINLESS STEEL TIPS- TWIN 80MM O.D RESONATED TIPS ON EACH SIDE		
Fitment Notes					
* Direct Bolt-on to factory cat-flanges;					
* If fitting a XFORCE Header & Cats(see Header&Cats Section) for the VZ Monaro, modification is required on either the cat-flange or the center section(Fig.1) since the VZ Monaro factory cat-flanges are in a different location from previous models.					
* Muffer Tips are required to be welded onto the rear muffler outlets.
